政府类

1. Some people believe today that everyone has a right to access to the Internet and that governments should provide this access for free. Other people believe that access to the internet is not a right and should be paid for like other services.

科技类

2. As computers are being used more and more in education, there will be soon no role for teachers in the classroom. To what extent do you agree or disagree?

政府类

3. In some countries an increasing number of people are suffering from health problems as a result of eating too much fast food. It is therefore necessary for governments to impose a higher tax on this kind of food. To what extent do you agree or disagree?

教育类

4. In some countries, secondary schools aim to provide a general education across a range of subjects. In others, children focus on a narrow range of subjects related to a particular career. For today's world, which system is appropriate?

社会类

5. There is a general increase in anti-social behaviors and lack of respect for others. What are the causes and solutions?

动物保护类

6. It is a natural process for animal species to become extinct (e.g. Dinosaur, dos ...).

There is no reason why people should try to prevent this from happening. Do you agree or disagree?

社会类

7. The society would benefit from a ban on all forms of advertising because it serves no useful purpose, and can even be damaging. Do you agree or disagree?

政府类

8. Some people say that government should give priority to health care whereas others say they should spend on other important priorities. Discuss both views and give your opinion.

社会类

9. Longer life spans and improvements in the health of older people suggest that people over the age of sixty-five can continue to live full and active lives. In what ways can society benefit from the contribution that older people can make?
